Pittsburgh, PA | (570) 299-1214
contact@mcc-cal.com | mcc-cal.com | [GitHub](#) | [LinkedIn](#)

Highly versatile Photojournalist and Full-Stack Developer, published in regional/national outlets, leveraging expertise in editorial photography and React/TypeScript to build and deploy scalable digital storytelling platforms.

CREATIVE LEADERSHIP & VISUAL DOCUMENTATION

McCal Media, Pittsburgh, PA — Director of Visual Storytelling

September 2020 - Current

Directed comprehensive visual storytelling and journalistic output for McCal Media, driving a 25% increase in audience engagement across platforms by strategically leveraging narrative content and personally overseeing the successful delivery of over 25 client projects.

Freelance Photojournalist, Pittsburgh, PA

January 2024 - Current

Delivered editorial photojournalism for 6+ national/regional outlets (e.g., New York Post, PublicSource, TribLive). Covered 10+ high-profile events under tight deadlines with AP-style captioning.

Grad Images, Pittsburgh, PA

PR & Event Photographer

May 2022 - Current

Executed high-volume institutional photography, delivering over 10,000 professional assets to university clients. Responsibilities included technical setup, on-site event production (pre- to post-ceremony), client relations, and managing large-scale photographic workflow and quality control for PR and event coverage.

FULL-STACK DEVELOPMENT & DIGITAL PLATFORMS

Freelance, Pittsburgh, PA

Software and Website Developer

May 2024 - Current

Architected and deployed 3+ scalable, SEO-optimized digital platforms using TypeScript/React and Vercel. Developed advanced front-end features, including a dynamic client carousel, manifest-based data hydration, and performance-driven UX (e.g., IntersectionObserver, Glassmorphism, animated counters). Implemented complex algorithms (e.g., Fisher-Yates shuffle) for content randomization, resulting in streamlined full-stack workflows and a 20% increase in client user engagement.
